Dear **Name of person in charge:**

I am writing to introduce you to the Arizona Lions Vision Center's KidSight Pediatric Vision Screening Program. The **Local** Lions Club is offering free vision screenings for children from 6 months of age up, utilizing the new Pedia Vision Spot VS100 vision screening device, in cooperation with the Arizona Lions Vision Center. This Spot device can, in seconds, screen children for six different vision issues:

Astigmatism – Irregularly shaped corneas or lenses

Myopia – Nearsightedness

Hyperopia – Farsightedness

Strabismus – Misalignment of the eyes

Anisometropia – Unequal refractive power

Anisocoria – Pupil size anomalies

The screenings are done from a distance of one meter, in low light, completed in seconds, with immediate results. No drops or special precautions are required, and the children are back at play in minutes. Any children requiring a referral to an eye care professional are immediately identified.

If your facility is interested in having the _____ Lions Club provide this screening for your children, please contact me so that I may visit with you and explain our program in more detail.
